MN PRODUCTION REBATE GUIDELINES

The MN Production Rebate is an incentive passed by the Minnesota Legislature and signed into law by the Governor to create new film production jobs in Minnesota. The program provides a reimbursement of up to 25% of production and post costs for qualifying projects. It is funded by Minnesota statute 116U.26 with administrative oversight and control by the commissioner of the Department of Employment and Economic Development.

Eligibility of reimbursements is based on the language of this statute and is non-negotiable.

Submission and/or certification of an application does not in any way guarantee that a project will be reimbursed or that funds will be available. Applications are received and reviewed by MN Film & TV with final approval and reimbursement payment to follow after economic activity has occurred and all financial obligations in Minnesota have been paid and verified.

HOW TO APPLY

Projects must meet program eligibility requirements described on page 1 in order to apply for reimbursement funds. Submit application no earlier than 90 days BEFORE MINNESOTA PRINCIPAL PHOTOGRAPHY BEGINS. Projects spending $1M or more may apply up to six months before production begins. Projects that have begun Minnesota principal photography are not eligible. Post Production Only should submit application no earlier than 90 days before the start of post production. The application, W9 and Certificate of Good Standing must all be in the same production company name. The applying entity is responsible for any tax implications regarding reimbursement.

There is no fee to apply. Projects will not be certified until ALL required materials are received and reviewed by MN Film & TV (see attachment checklist). Only complete applications will be reviewed. Expenses incurred and/or payments made before project certification (the date on the project certification letter) will not be eligible for reimbursement. CERTIFIED PROJECTS
Projects are considered certified when MN Film & TV assigns a project number and notifies applicant of certification by letter or email. Certification reserves rebate funds based on a project’s estimated Minnesota production expenditures. Reserved funds are not available to any other production unless the certified project withdraws or is disqualified from certification for any reason. Expenses incurred and/or payments made before project certification (the date on the project certification letter) will not be eligible for reimbursement. Reimbursement is limited to one grant per project per production company.

ALL CERTIFIED PROJECTS ARE REQUIRED TO:

- Schedule a Rebate processing procedures meeting with the Incentives Specialist before production begins. Key people responsible for preparing the Rebate Expenditure Report (RER) should participate in this meeting.
- Pay all expenses incurred in Minnesota in full before submitting final RER paperwork.
- Complete the RER in the requested format with all required documentation (both hard and electronic/scanned copies) clearly legible along with signed and notarized affidavit. Documentation not submitted in the requested format will be returned and reimbursement may be delayed.

A PROJECT MAY LOSE REBATE ELIGIBILITY OR BE DISQUALIFIED IF:

- The production entity falls out of good standing with the Secretary of State in the state where the entity is incorporated.
- Production is delayed or suspended, funding is lost, or the production will no longer take place in Minnesota.
- MN Film & TV has evidence that the production will not occur.
- MN Film & TV has evidence that the production is engaged in fraudulent or unlawful behavior (i.e. wage theft)
- Production has not fulfilled financial obligations to Minnesota personnel, vendors or goods and services.
- The production no longer meets eligibility criteria (i.e. minimum spend).
- Production fails to meet Rebate Expenditure Report submission deadlines. Extensions may be considered on a case-by-case basis.
- Production is ineligible for some other reason.

A certified project that loses eligibility or is disqualified due to production delays or loss of funding may reapply by completing and submitting a new project certification application with new attachments assuming MN principal photography has not yet begun and program funds are still available.

OVERSUBSCRIPTION
If applications received for the MN Production Rebate exceed the total amount appropriated by the state for the program, MN Film & TV will maintain a waiting list. Projects that meet eligibility may be provisionally certified in amounts up to 25% in the event that funds become available. Submission and/or provisional certification of an application does not in any way guarantee that a project will be reimbursed or that funds will be available.

REBATE EXPENDITURE REPORT (RER)
The Rebate Expenditure Report (RER) is an Excel spreadsheet that has a cover sheet and a separate sheet for each category. Totals from each tab/category are programmed to roll-up to the cover page of this report. The RER should be submitted in hard copy, with attachments – legible copies of itemized invoices/receipts and required affidavit AND sent via email with a scanned copy of receipts and invoices. MN Film & TV reserves the right to request additional backup or proof of payment for any expense submitted for reimbursement at any time. Projects with $1M or more of MN expenditures may be required to submit to review of expenditures by a certified public accountant in addition to the RER. MN Film & TV will provide a list of experienced CPAs. The applicant is responsible for any and all CPA fees.

Projects that have less than $1M in Minnesota expenditures are required to complete the full RER.

HOW TO COMPLETE RER
Read all the materials BEFORE you start production, follow the directions and contact us immediately if you have any questions. Complete the RER in the requested format with all required documentation.
clearly legible. **Documentation not submitted in the requested format will be returned and reimbursement may be delayed.** It is helpful to group invoices and receipts in like categories. (i.e. list all transportation together, meals together, props together etc.). To facilitate preparation of the RER, please notify your production staff of this grouping BEFORE you start production.

List each individual expenditure (vendor or payee name) in the appropriate category on the RER (i.e.: Dunn Brothers Coffee NOT Mary Jones/PC) with each individual receipt amount. **The invoice or receipt date AND the date of the work or service performed must be within the certification period or it will not be eligible for reimbursement.** All copies of receipts and invoices should include a date (mm/dd/yy), Minnesota address and amount. Invoice and receipt copies should be attached **and numbered** to correspond to the line items on the RER. Attach copies in the same order they are listed. **Do not** list a group of expenses as one total with notation to “see petty cash” or submit petty cash envelopes. Sales tax and zip code where the purchase was made must be listed in the appropriate columns.

Receipts must be legible. **If expense documentation is illegible, the expense will not be reimbursed.** DO NOT include copies of purchase orders, packing slips, petty cash reports or reconciliations etc. however, MN Film & TV reserves the right to request these as additional backup at any time.

When payee is MN personnel or talent, their home address should be listed on the RER form in the designated column. Talent agencies should provide home addresses for all talent. Keep copies of a valid Minnesota driver’s license, ID card, Minnesota voter registration card or equivalent as proof of Minnesota residency on file for all Minnesota personnel. MN Film & TV, the State of Minnesota, the State Auditor and the Legislative Auditor reserve the right to conduct an examination of the drivers licenses, ID cards, voter registration cards or equivalent you have on file for a minimum of six years. Submit your payroll company invoice or payroll register to verify payroll paid to MN workers. If using a non-MN payroll company, handling fees must be deducted from payroll totals.

PLEASE BLACK OUT SOCIAL SECURITY NUMBERS FROM ALL DOCUMENTS SUBMITTED INCLUDING INVOICE COPIES AND PAYROLL Registers.

Alcohol and tobacco expenditures are not allowed even if the alcohol or tobacco was purchased as a prop. **If meal receipts are from a restaurant that serves alcohol, the receipt should show itemized detail of purchases (i.e.: top credit card copy alone is not enough).** If there are excess credit card copies with no itemization, MN Film & TV may deduct those expenses and they will not be eligible for reimbursement.

**HOW TO SUBMIT RER**

RERs or expenditure review by a CPA with all supporting documentation should be received on the following schedule:

- Submit completed RER with both hard and electronic/scanned copies of all invoices and receipts not more than 90 days from project completion. RER due dates are noted in certification letter. Deadline extensions will be considered on a case-by-case basis.
- For projects that require a CPA audit, submit both hard and electronic/scanned copies of the final audit report, the RER, general ledger and copies of all receipts and invoices not more than 90 days from project completion. Due dates are noted in certification letter. Deadline extensions will be considered on a case-by-case basis.
- Final expenditures will be reviewed in the order received. If additional documentation is required or there are questions on the RER, production companies will have 10 business days to respond with the requested information. After that time, the questioned items will be deleted/deducted from the submission.
- The reimbursement affidavit should be signed, notarized and submitted with the final expenditure report and backup documentation. The affidavit is a legal and binding document.
- Missed deadlines may result in project disqualification, loss of place in queue and/or loss of reimbursement.

**MN FILM & TV RESERVES THE RIGHT TO REQUEST ADDITIONAL BACKUP AND/OR PROOF OF PAYMENT FOR ANY EXPENSE SUBMITTED FOR REIMBURSEMENT.**
All books, records, documents, accounting procedures and practices relevant to the reimbursements are subject to examination by MN Film & TV and/or the State of Minnesota and/or the State Auditor for a minimum of six years. Consult with a tax advisor regarding the tax implications of expense reimbursement.

ALL REBATE APPLICATION AND EXPENDITURE MATERIALS ARE SUBJECT TO PUBLIC DISCLOSURE (MN STATUTES CHAPTER 13)
